Questions & Answers
December 31, 2018

- Q1. What is the time frame for vehicle delivery?
A1. We do not have a specific delivery date in mind. Please let us know the estimated delivery date for each vehicle.
- Q2. On the extended cab, do you want a full-size door or a smaller door?
A2. A smaller door is preferred.
- Q3. Please confirm that you want 4x2 on the ½ ton pickup and the cargo van.
A3. Yes.
- Q4. Does the van need an interior partition to separate the passenger area from the cargo area?
A4. The partition was not included in the specifications, but please provide optional pricing for the partition.
- Q5. For the cargo van, please specify wheel base, cargo volume and payload capacity.
A5. We did not include this in the specifications because we did not want to limit the number of vehicles that would be proposed. The van will be used for light- to medium-duty. Please include these specifications with your proposed vehicle.
