Bus Wash Replacement
Questions and Answers #1
September 10, 2019

- Q1. Will the water reclaim system be taken out of this project or listed as an option? If listed as an option, please provide underground plumbing information DWG's.
- A1. The water reclaim system is listed as an option. We do not have drawings of the underground plumbing system.
- Q2. Will the dryer system be listed as an option?
- A2. Yes – See Addendum 1.
- Q3. What are the current available voltage and amps for the new bus wash system excluding the new dryer system?
- A3. We will work out any electrical issues with the winning bidder once the contract has been awarded.
